

Norwalk Cove Marina, Inc.

48 Calf Pasture Beach Road – East Norwalk, CT 06855

Service Phone: 203.838.3681 – Email: service@norwalkcove.com

Dear Valued Customer,

January 20, 2023

As we all prepare for a successful launch season, please take note of a few items;

- Please be sure to fill out and sign the enclosed Launch Form and Credit Card Form and return at your earliest convenience – Due to the large quantity of land storage boats, Norwalk Cove Marina can only accommodate 50 boats a week to launch, the earlier your form is handed in the better your launch week will be honored.
- Norwalk Cove Marina will NOT schedule boat launches during the week of May 22nd.
- When selecting your launch week please make sure your summer slip/mooring will be ready otherwise dockage charges will be applied after your allotted timeframe for launching has passed (Please see the back of the Launch Form for specifics).
- Make sure lines, fenders and power cords are easily accessible for the Norwalk Cove Crew to successfully launch your boat.
- If you have a ladder under your boat, please be sure to leave the combination/key with the office – if we do not have the combo there is a chance your chain/cord will be cut and the ladder will be moved to storage. (Norwalk Cove Marina is not responsible for owner ladders)
- Update key locations and combos for your boat – Norwalk Cove checks **EVERY** boat when launching to make sure no water is leaking into the boat upon launch (If we do not have access to the inside of the boat we cannot check down below).
- Be mindful of where you park your car – Monday-Saturday morning Norwalk Cove will be moving boats all day to accommodate the requested launches of our customers – if boats are blocked by cars it slows down the launching schedule.
- Norwalk Cove Marina, Inc cannot use customer supplied materials for any job.
- If you have performed any significant work on your boat it is your responsibility to communicate this to the office. (Examples – replacement of AC units, seacock/thru-hull replacement, etc)
- Boats will be moved throughout the spring, it is the boat owner's responsibility to inform the Service Department if work is being done on the boat preventing it from safely being moved.
- If you choose to remove your own shrinkwrap, Norwalk Cove Marina is not responsible for damage occurring with the removal of the shrinkwrap. (Only applied if Norwalk Cove Marina shrinkwrapped the boat in the fall)
- Please deposit shrinkwrap in appropriate recycling containers marked for shrinkwrap.

As always, if you have any questions regarding the services you may need on your boat, please call the Service Department for assistance – we are here to help and look forward to seeing all our customers around the marina this spring!

Sincerely,

The Service Team at Norwalk Cove Marina

By signing this form, I acknowledge I have read the above bullet points, in full, and understand what is expected to ensure a safe and successful launch of my boat. I am stating my boat will be ready for my designated launch week and understand if the boat should not be ready it is my responsibility to inform the Service Department, in writing, by the Friday PRIOR to my desired launch week.
