

U.S. TRAVEL ASSOCIATION*

The U.S. Travel Association, out of Washington, DC, met with President Trump along with several other key tourism leaders to talk about the importance of the Travel & Tourism industry. But, beyond large bailouts for cruise ships, airlines, and large hotels they want to ensure that small businesses are protected also. They need ammunition to be able to show the effects of the lack of travel & tourism to small businesses also. They have made this process easy by just clicking on a link to "[Share your Story](#)" – tell your story about how this has affected your business and it goes directly to Senator King and Senator Collins.
