WE ARE CATHOLIC CHARITIES.

Each day, the employees and volunteers of Catholic Charities Maine come to the aid of the poor and vulnerable across the state of Maine. We see the faces of people suffering from mental illness, hungry children and families, those fallen victim to loneliness and isolation, those battling substance use disorders, anxious refugees, and thousands of others who desperately need help and hope.

A faith-based, non-profit organization, we have been serving the poor and vulnerable populations of Maine since 1966. From food banks in Aroostook to child care in York County, our network of 400+ professionals and 500+ volunteers helped more than 55,000 of our neediest neighbors last year, answering want with generosity and replacing despair with hope.

For more information, please contact Central Services at 1-800-781-8550 or visit www.ccmaine.org

Adult Services

Behavioral Health Home Services provide a multidisciplinary approach to care for adults with mental illness, balancing both physical and emotional health needs. The care team includes a nurse care manager, peer support, clinical team leader, and psychiatric and medical consultants, in addition to the Health Coordinator.

Community Integration provides traditional case management services to eligible adults with a mental illness.

Counseling Services provides individual, group, and intensive outpatient counseling for mental health, co-occurring, and substance use disorder treatment.

Also offered to clients receiving services:
- Comprehensive assessment
- Psychiatric evaluation
- Specialized counseling services for those re-entering the community from incarceration or probation
- Trauma counseling for refugees
- Corrections case management and counseling

Medication Assisted Treatment (MAT) and Medication Management Services (MMS) services are provided for individuals seeking medication supported treatment.

Opioid Health Home Services

provides services to children from birth through age 21 with visual impairment statewide. Services may include direct instruction and/or consultation to families and local schools around the implications of vision loss.
