6. How are those served involved in the conduct of this ministry? How are they included in the ministry's decision-making process?

7. How would the funding be used?

8. Please describe the future goals and sustainability of this ministry.

9. We get many requests and are not always able to fully fund projects/ministries, so are you able to operate the ministry/project without receiving your fully requested amount? If so, what minimum amount is needed?
