

Become a mentor and make a difference.

Imagine yourself arriving in Maine from a refugee camp in Somalia or war zone in Iraq, filled with aspirations for your future in a new country but unsure of how to enroll in college, navigate U.S. work culture or receive the credentials you need to turn your lifelong goals into reality.

Refugee and asylees arrive in Maine each year and struggle to continue their academics in a foreign language, system, and culture. Young adults 18 and older who arrive in the U.S. with limited English are rarely able to complete high school in the short amount of time they are often allowed to attend.

This is where caring mentors can help. The RIS Mentoring Program, through Catholic Charities Maine Refugee and Immigration Services, matches refugee and asylee adults (ages 18 and up) with volunteer mentors to support their efforts to reach their personal, academic, and career goals.

A **REFUGEE** is a person who is unable to return his or her country of origin because of a well-founded fear of persecution based on race, religion, nationality, political opinion, or membership in a particular social group.

An **ASYLEE** is an individual who has sought protection for fear of persecution. Protection is generally sought upon arrival in a "third" country.

15 million refugees currently languish outside their countries of origin and 85,000 refugees are admitted into the U.S. each year — with approximately 525 resettling in Maine, many of them reuniting with family already living here. By mentoring a refugee, you are not only helping them rebuild their life, you are helping build a stronger community for us all. Thank you for your interest in Catholic Charities Maine Refugee and Immigration Services (RIS).
