

**BLRWPCA BOARD**  
**WEDNESDAY, FEBRUARY 22, 2023 – 7:00 P.M**  
**REGULAR MEETING MINUTES**

The BLRWPCA Board held a meeting on Wednesday, February 22, 2023, with Robert Morra presiding. Also in attendance were Mike Purcaro, Dan Champagne, Jim Rupert, Terry Hjarne and Mike Ruef.

**1. Call to Order.**

R. Morra called the meeting to order at 7:00 p.m.

**Movement of agenda items.**

**6. New Business:**

**b. Collection Enforcement Recommendation (Vernon Tax Collector)**

Terry Hjarne stated that there were nine properties totaling \$57,700 when the tax sale began in April 2022, and three properties made payments, so the total amount for collection was reduced to \$38,900. And as of today, one more payment was made by 21 Colonial Road, Bolton, and the balance went down to \$15,000. Furthermore, there is a good chance that the bank will redeem 1 Llynwood Dr., Bolton, before the tax sale on March 1st, and if that happens, that will leave one property, which is 38 Anchorage Rd., Vernon. Terry added that she also has sent 22 inchoate lien notices for delinquent assessments, and around five of those have a small balance, but the letter was sent anyway for the payment to be made.

**Motion:** I move that the BLRWPCA moved the agenda to the item 2. Executive Session Regarding Legal Advice for Shady Glen Drainage.

1st: Dan Champagne

2nd: Mike Purcaro

Vote: Yes: Robert Morra, Jim Rupert, Dan Champagne and Mike Purcaro

No: None

Absent: Richard Hayes.

**3. Public Comment.**

No public comment.

**4. Approval of Minutes.**

**Motion:** I move the BLRWPCA Board approved the minutes as presented.  
October 24, 2022 – Regular Meeting

1st: Dan Champagne

2nd: J. Rupert

Vote: Yes: Robert Morra, Jim Rupert, Dan Champagne and Mike Purcaro

No: None

Absent: Richard Hayes.

**5. Correspondence.**

No action was taken.

**Movement of agenda items.**

**7. Pending Business:**

**a. Discussion with Town of Coventry Regarding Sewer Extension.**

Mike Ruef stated that the next step in the project is to send a letter to the Manchester Board of Directors asking to modify the service area map in the intermunicipal agreement, and nothing else will change, just the map to include the properties in Coventry. And once Manchester approves the project, they will have to work out some details of the new intermunicipal agreement between BLRWPCA and Coventry.

The letter will be sent to the board for them to review and make a few changes, and Mike Ruef has requested that we include him in the emails. Mike Ruef also asked if, once the letter is revised by the board, he could send the letter to Manchester or wait until the next meeting. Robert Morra said that if both towns' attorneys agree and the board is comfortable with the edits, the letter can be signed and sent out without another BLRWPCA meeting.

**Motion:** I move the BLRWPCA Board decided that once the letter is reviewed, it will be sent back to Coventry for signage. Once Coventry signs the letter, this will be returned to Bolton and Vernon for signage as well. And after this process, Coventry can move forward with sending the letter to Manchester.

1st: Dan Champagne

2nd: Mike Purcaro

Vote: Yes: Robert Morra, Jim Rupert, Dan Champagne and Mike Purcaro

No: None

Absent: Richard Hayes.

**6. New Business:**

**a. 9 Beechwood Road, Vernon – Grinder Pump Easement Agreement**

Mike Purcaro had some questions about the distance of the grinder pump from the property, and Jim Rupert said that the distance isn't really an issue; where the grinder pump is placed may actually be where it has to go in order to achieve the necessary elevation for it to drain. The sewer alarm panel has to be inside the grinder pump because there is a circuit breaker in the control panel, so if a technician is working on the grinder pump, they can shut the alarm off and lock it out, so it's safer.

**6. New Business:**

**c. FY 2023/2024 Budget**

Jim Rupert explained that the proposal for the fiscal budget year is \$199,200.00. Dan Champagne asked about the administrative cost for engineering, and Jim Rupert said that he and Robert Morra had some conversations with a couple of companies to provide those services, but they have yet to get an actual estimate from them.

Dan Champagne asked what was in the savings account, and Robert Morra said that the estimate was that there was around \$22,000.

Jim Rupert explained that the cost for equipment went up dramatically; last year the cost for the grinder pump was around \$2,300, and this year it is around \$4,000. Because of that, a discussion about increasing the sewer fees to help with the fund balance was made. Jim Rupert also said that there is an opportunity to increase the permit's fees. Dan Champagne wants to know how many grinder pumps they have and how many they've replaced since the beginning, and this list should be in maintenance for future budgets.

**Motion:** I move the BLRWPCA Board decided to send out a letter saying that the sewer fee per EDU will increase, making it \$105.00 per quarter. The letter will also state the reason for the increase and that the BLRWPCA is responsible for repairing the grinder pump, unless the cause of the repair was caused by the property's residents. The board also wants to include in the letter that they are pursuing additional residencies at Coventry. Highlight the date and the amount of \$105.00.

1st: Dan Champagne

2nd: Robert Morra

Vote: Yes: Robert Morra, Jim Rupert, Dan Champagne and Mike Purcaro

No: None

Absent: Richard Hayes.

## **6. Pending Business:**

### **b. Set up Public Hearing for Budget.**

Next meeting and public hearing it will be on Wednesday April 26<sup>th</sup>, 2023.

## **7. Pending Business:**

### **b. Vacancies on Board**

Robert Morra has an application for the board of selectmen approve on their March 7, meeting.  
Jim Rupert reminder Dan Champagne and Mike Purcaro to check their terms expiration date.

## **1. Adjournment.**

**Motion:** I move that the BLRWPCA Board adjourned the meeting at 8:12 p.m.

1st: Dan Champagne

2nd: Robert Morra

Vote: Yes: Robert Morra, Jim Rupert, Dan Champagne and Mike Purcaro

No: None

Absent: Richard Hayes.

Respectfully Submitted,

*Suellen Kamara*

Please see minutes of subsequent meetings for corrections to these Minutes and any corrections hereto.

Bolton, CT 06043

Dear BLRWPCA members,

This is regarding the price increase letter we received. We are not able to attend the hearing on April 26, 2023. Kindly add this to the topic of discussion.

We have to say, we are shocked regarding this price increase, nor do we find it ethical. When the system first went in, we were a family of four. Our "EDU's or fractions thereof" was closer to \$50.00 quarterly. We then received notice that our bill went up to \$100.00 across the board. Do you realize how unfair that was and still is to us along with those who have similar or even less members in their household. **This should not be a one size fits all.** Those who use less should pay less. Those who use more pay more.

Now we are a family of (2) and you want to increase our sewer bill to \$105.00 across the board again? This is extremely unreasonable.

We get charged taxes based on the value of our home therefore the sewer bill should be based on a household's volume.

Have you tested everyone's, "EDU's or fractions thereof" lately? We are livid and find this to be unacceptable and corrupt. Shame on you.

Perhaps you should meet to reevaluate everyone's, "EDU's or fractions thereof" and come up with a better plan that works for we the people.

David and Sandra DeBlois

**BOLTON LAKES REGIONAL WATER POLLUTION CONTROL AUTHORITY  
GRINDER PUMP EASEMENT AGREEMENT**

THIS AGREEMENT (the "Agreement"), made this 2<sup>nd</sup> day of March, 2023 by and between the Bolton Lakes Regional Water Pollution Control Authority, a regional water pollution authority created, organized and existing in accordance with the provisions of Connecticut General Statutes §§ 22a-500 - 22a-519, inclusive, with a principal office at 222 Bolton Center Road, Bolton, Connecticut 06043, hereinafter referred to as the "AUTHORITY", and the following property owner, hereinafter referred to as the "OWNER", with respect to the premises (the "Premises") described below:

 member  
Jonathan Jacques

176 Grier Road  
Vernon, CT 06066  
(Premises address)

J.A. Jacques Construction LLC  
(Owner's name and address)

2761/144  
(Volume and page)

WITNESSETH: The OWNER, for the consideration of One Dollar (\$1.00) and other valuable considerations received to its full satisfaction of the AUTHORITY, does hereby give, grant, bargain, sell and confirm unto the AUTHORITY, its successors and assigns forever, a permanent easement to lay, install, maintain, operate, construct, use, alter, repair and replace on the Premises a sewage grinder pump and service connection from the grinder pump to the sewer in the street abutting the Premises, with all necessary appurtenances on the Premises related thereto (collectively, the "grinder pump facility"), and to enter the Premises to maintain the grinder pump facility, all in the area (the "Easement Area") shown and designated on the map or plan attached hereto as Figure No. 1, dated February 2023 (the "Easement Map") and agrees with the AUTHORITY that:

1. The location or proposed location of the grinder pump and service connection pipe in, on and under the Premises of the OWNER, in the Easement Area as shown on the Easement Map, is hereby approved by the OWNER. If reasonably required by the AUTHORITY, the exact placement of the Easement Area may be changed or altered, in whole or in part, and in such event, a supplement to this Agreement reflecting such change or alteration shall be executed by the AUTHORITY and the OWNER.
2. Ownership of the grinder pump facility shall be and remain in the AUTHORITY, and the OWNER shall have no title thereto or interest therein.
3. No structures, improvements, trees or bushes, which might, in the AUTHORITY'S reasonable opinion, interfere with the grinder pump facility and the proper operation thereof shall be permitted or hereafter placed or installed by OWNER within the Easement Area and the AUTHORITY shall have the right to remove any such structures, improvements, trees or bushes.

4. The OWNER hereby agrees to adhere to the maintenance instructions regarding the grinder pump facility and shall promptly notify the AUTHORITY, in writing or by other means of communication acceptable to the AUTHORITY, of any indication that inspection or repair thereof is necessary. Following such notice the AUTHORITY shall make any necessary repairs. The AUTHORITY shall not be responsible for repair or maintenance of wiring or plumbing not a part of the grinder pump facility nor for any repairs made necessary by the fault of the OWNER, any member of the OWNER's household or any tenant or licensee of the OWNER. OWNER hereby acknowledges receipt of the AUTHORITY'S maintenance instructions for the grinder pump facility.
5. The AUTHORITY, acting through its officers, agents, employees, or parties contracted to it, shall have the right of access to the Easement Area at all reasonable times for the purpose of inspecting, maintaining, replacing, and/or removing the grinder pump facility, but the existence of such right shall impose no duty upon the AUTHORITY to inspect, maintain or repair the grinder pump facility except after notification, as set forth above. Except in an emergency, the AUTHORITY will notify the property Owner before entering the Easement Area.
6. The OWNER shall pay the electricity cost for the grinder pump operation, but all necessary repairs shall be made at the expense of the AUTHORITY unless the necessity therefor has been caused by the fault of the OWNER, any member of the OWNER's household, or any tenant or licensee of the OWNER, in which event repairs shall be at the expense of the OWNER.
7. The OWNER hereby waives, and agrees to indemnify and save the AUTHORITY harmless from all claims for any injuries or damages to person or property arising out of the installation, operation or use of the grinder pump and its appurtenances, and not caused solely by the negligence of the AUTHORITY or its officers, employees, agents, servants or independent contractors.
8. The OWNER shall not permit the removal, relocation, tampering with, adjustment or repairing of the grinder pump facility, or any part thereof, except by the AUTHORITY, or cause or permit the introduction of wood, metal or other hard objects into the grinder pump facility.
9. The OWNER shall notify the AUTHORITY, in writing, of any sale or transfer of the premises, and shall notify any prospective purchaser or tenant that title to the grinder pump facility is in the AUTHORITY. In addition, the OWNER agrees and acknowledges that this Agreement shall be recorded on the Land Records of the Town in which the Premises is located.
10. This Agreement shall be binding upon and inure to the benefit of the OWNER, and its and/or their heirs, executors, administrators and assigns, and of the AUTHORITY, its successors and assigns without the necessity of said assignee, etc. executing an amendment hereto.
11. The OWNER shall not utilize the grinder pump facility until notified in writing by the AUTHORITY that the OWNER may commence such use.

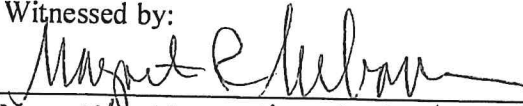

12. This Agreement shall remain in full force and effect for as long as the Premises on which the grinder pump facility is located are served by the Authority's sewerage system, unless the AUTHORITY earlier determines that continued maintenance of the grinder pump facility on the Premises is no longer necessary.

13. This Agreement constitutes an easement running with the land comprising the Premises.

TO HAVE AND TO HOLD the above-granted right, privilege and easement unto the said Authority and its successors and assigns forever, to its and their own proper use and behoof, as aforesaid.

IN WITNESS WHEREOF, the AUTHORITY and the OWNER have hereunto set their hands and seals as of the day and year first above written.
