A motion was made by Pagini and seconded by Buchardt to adopt the December 13, 2010 minutes as presented, with the correction that Joyce did not call the meeting to order. The motion passed unanimously.

CRCOG TRANSPORTATION PROJECT:

Dave Sousa from CHA was present to discuss the status of the consultant's work. The Transportation Study was discussed further by the consultant.

The consultant met with the Town of Andover to review the build out matrix draft for planning purposes. The Andover Center concept plans are being reworked to consider relocating a portion of RTE 6 behind the Center and retain the existing route as a local road.

The zoning subcommittee is to meet with the consultant after the regular meeting.

RTE 6 PROJECT:

John described the format of the powerpoint presentation for the upcoming forum with the corridor planning and zoning commissions. The Council reviewed the draft presentation and provided comments.

The idea of providing a comparison of existing zoning regulations to the new corridor regulations would be helpful.

Ultimately a scope of work for the future corridor zoning subcommittee will need to be drafted.
