

Dear Town Hall Neighbor,

Please come see the most recent plans to create a country gravel walking/bike-pathway in your neighborhood, along the North side of Bolton Center Road from the Firehouse to the Town Hall.

This is a proposed road safety project, enclosing the deep culvert on that side of the road in combination with a pathway above.

We hope you are able to stop by:

March 7th
6:30 pm
Bolton Town Hall

If you are unable to attend and would like the plans emailed to you, we can do that. Please contact Gary Silver at media@boltonct.org.
