

Demolition Permit

For any demolition project, you will need to obtain a demolition permit. We utilize the same form for demolition as we do for building permits. Additionally you will need to submit a demolition license, proof of insurance as required by Statute, a hold harmless letter and letters from utilities demonstrating that all utilities have been disconnected. All demolition permits require proof of mailing regarding the intent to demolish to all abutters. The assessor will be able to assist with the abutters list. The fee for a demolition permit is \$50.00.
