### COVID TEST KIT DISTRIBUTION

The Town of Bolton anticipates receiving its allotment of COVID tests from the State distribution location tomorrow morning, 12-30-21. As such, we are planning to distribute them to Bolton residents on Thursday afternoon, December 30th from 2:30 pm to 5:00 pm or until we run out of test kits. In the event that we do not distribute all of our allotment of test kits on Thursday, we will likely reopen the distribution on Friday morning, and will post that announcement on the town website. Distribution will be on a first-come, first-serve basis only, and will take place at the Bolton Center School located at 108 Notch Road. This will be a drive-up distribution. We ask that you queue in line and not exit your car. We will have signage out to provide guidance. We anticipate being able to provide two test kits per car and each test kit contains two tests. However, that is subject to change depending on the number of test kits we receive. Please continue to monitor the Town website and social media for changes or updates.
