A. Report on Connections

J. Stille reported that 100 Wildwood was to be connected by January 30, 2019. However, Thompson Construction confirmed that house is demolished and a new house will be built in 2019. A note from Mr. Phillip Blazawski about his rental property that is not connected was reviewed. Since the property is a rental property owned by Mr. Blazawski, neither town can provide financial support.

B. Consider and Act on Benefit Assessment and Public Hearing for 837 Boston Turnpike, Bolton, CT

Able Coil is moving its production operation to 837 Boston Turnpike in Bolton.
