**Item #6: Scheduled August Events -  
SEPAC Events:**

**Item #7: CODA (Commissions on Disabilities Alliance) - Monthly Conference call Meetings on Wednesday July 10, 2019 and also Wednesday August 7, 2019. On the July call there was a representative who was speaking about legislation and ordinances that they are trying come up with regarding electric scooters and wanted to speak with various disability Commission members on the call. A lot of Commissions had concerns about these especially on how they are going to be regulated along with them not being to be allowed to be used on sidewalk. Another concern was the parking of them. The speaker was mentioning on how they are thinking of allowing them to be able to go over town lines into neighboring communities. As an example people who go to school or work in Boston or Cambridge that live in a community just outside of those areas could be allowed to travel there.**

**An issue that came up was where will all those scoters be parked? You could have an overwhelming amount of them in a community. The call on August 7<sup>th</sup> was in regards to the state budget being signed and that Governor Baker kept the proposed \$8 million line item for AHVP which stands for the Alliance Housing Voucher Program. This is a state funded Voucher Program. I believe this is up about \$2 million from last year's budget. This voucher program benefits disabled residents 60 or younger. It is based on a formula based at 90% of the market rate rentals in residential territories established in the commonwealth. Certain Cities and Towns Housing Authorities do not apply or issue these vouchers for numerous reasons but on the call I was told the Revere Housing Authority had 90 Vouchers last year and that was one of the highest in the commonwealth. The inventory of these types of apartments throughout the state is inadequate and hopefully the legislature will continue to work aggressively to correct this. Lastly, it was mentioned that the vacant position at the AAB (Architectural Access Board) and MOD (Mass Office on Disability) have not been filled.**
