

Route 1A RiverFront Roadway Infrastructure Improvement Project

Public Presentation

Hosted by the Department of Community Development & Howard Stein Hudson Engineering

Revere City Council Chambers

Tuesday, September 26, 2023, at 6:00 pm

The project team will present the 75% design schematics of the multimodal traffic improvements along Route 1A south, and Gibson Way.

Stakeholders and residents can join the meeting in person at Revere City Hall, or on Zoom by registering at [Riverfront Infrastructure Meeting Registration](#)

The meeting will be broadcast on Revere TV with Spanish translation available. Translation services in additional languages available upon request by emailing jdemauro@revere.org by 9/21/2023.

Meeting notification and presentation materials will be posted to the [DPCD Planning Initiatives webpage](#). Stakeholders and residents will be able to submit public comments on the roadway infrastructure improvements presented during the meeting to DPCD by emailing jdemauro@revere.org. Public comments will be accepted until 10/10/2023.
