**SCHOOL & PUBLIC FIELDS & PARKS NOTICE  
STANDARD WRITTEN NOTIFICATION  
BARRIER AND ULV ADULTICIDE APPLICATION TO CONTROL MOSQUITOES**

The Northeast Massachusetts Mosquito Control and Wetlands Management District is conducting an application to control adult mosquitoes on Thursday August 25<sup>th</sup>, 2022, in the evening between the hours of 8:00pm and 12am. In case of inclement weather, the Backup date of application would be Friday August 26<sup>th</sup>. The areas to be treated are the Revere High School, West Revere School, Beachmont School, Rumney Marsh School, Garfield Elementary School, Paul Revere School, Hill School, Lincoln School, Ambrose/Erricola Park, Carlone Lot/DiSalvo Park, Curtis Park, Fredrick's Park, St. Mary's Griswold Park and Gibson Park.

The materials to be applied:

Suspend Polyzone (EPA Reg# 432-1514). Active Ingredient: Deltamethrin 4.75%. Suspend Polyzone is a long-lasting, up to 90 days, and effective residual barrier formulation that controls adult mosquitoes, even in warmer and wet environments. The Safety Data Sheet and product label can be viewed at <https://www.nemassmosquito.org/public-education/pages/adulticide>

Zenivex E4-RTU (EPA Reg# 2724-807). Active Ingredient: Etofenprox (CAS #80844-07-1) 4%. Zenivex E4 RTU mosquito adulticide is a high efficacy, reduced risk adulticide that provides quick, permanent knockdown and reliable control of adult mosquito populations in any mosquito habitat flying at the time of application. This product contains no synergist, therefore no Piperonyl Butoxide (PBO). The Safety Data Sheet and product label can be viewed at <https://www.nemassmosquito.org/public-education/pages/adulticide>

Duet Duel Action Adulticide (EPA Reg# 1021-1795-8329). Active Ingredient: Prallethrin 1% Sumithrin 5% Piperonyl Butoxide 5%. A Quick Knockdown, Oil Soluble Synergized Synthetic Pyrethroid for Effective Control of Adult Mosquitoes in Outdoor Residential and Recreational Areas. The Safety Data Sheet and product label can be viewed at <https://www.nemassmosquito.org/public-education/pages/adulticide>

The vehicle is a mid-sized white pickup truck, marked with the NEMMC seal and will be driving slowly through the above designated areas with yellow lights activated. Residents and pets

- Committed to a partnership of the principles of mosquito control and wetland management -

should remain indoors while the vehicle is operating in these designated areas. Air conditioners may remain ON. Please close doors and windows on the street side; they can be reopened within half an hour after truck passes. Recommendations are specific to ground spraying.

For further information contact the Northeast Massachusetts Mosquito Control and Wetlands Management District at 978-352-2800.
