March 9, 2020

Dear Colleagues and Families,

Thank you to everyone for your help in navigating our way through the COVID 19 dilemma. We are working proactively to prevent or stave off its arrival in our schools. It has already impacted us in the quarantining of several students and staff members who attended the Italy trip. We are fortunate that all of our students and staff from that trip remain healthy and we look forward to welcoming them back to school on Wednesday. As we did in that case, we will continue to follow any updated guidance from the CDC and the MADPH. This information changes rapidly and so, decisions may change rapidly too.

This weekend, we did a deep cleaning and sanitization at all schools. We are also working to procure hand sanitizer and disinfectant wipes for all classrooms; but this may take some time. Donations are always welcomed! We are meeting with the School Committee and representatives from the Revere DPH on Thursday to determine our next steps, precautions, communication plans, and implementation plans should we need to close a school or the district. More on all of this to follow.

Have a good day and thank you again for your help and support,

A handwritten signature in black ink that reads "Dianne K. Kelly". The signature is written in a cursive, flowing style.
