### **About MassDOT**

An agency on the move, the Massachusetts Department of Transportation (MassDOT) takes great pride in connecting the Commonwealth's residents and communities. Powered by a growing data-analytics discipline – and working in conjunction with municipalities, public agencies and the private sector – we're finding new ways to improve the Bay State's transportation infrastructure.

MassDOT is responsible for developing, implementing, and coordinating transportation policies and projects for the Commonwealth of Massachusetts and to efficiently plan, design, construct, and maintain a safe statewide transportation system which effectively meets the transportation needs of the Commonwealth.

MassDOT's divisions include: Highway, Aeronautics, Registry of Motor Vehicles, Rail & Transit, and Planning & Enterprise Services. There are approximately 3,600 employees across the organization.

### **Position Summary**

As a seasonal summer maintenance employee, you will gain hands on experience in the front-line maintenance activities that keep our roads safe every day. This opportunity will allow you to see how the trades and labor force carry out the important work of repairing, preserving, improving, and supporting the Highway system.

The seasonal summer maintenance program will run from June 6, 2022, through August 26, 2022. The standard work week is full-time Monday through Friday and start times will vary depending upon placement. Positions are available at MassDOT Districts and Depots throughout the state of Massachusetts.

Seasonal summer maintenance employees working at a MassDOT Depot perform outside maintenance functions that include sweeping, painting, litter pick up; operating string trimmers/weed trimmers; and performing highway beautification and lawn mowing.
