Notice of Rate Hearing – October 27, 2021 4:30 PM

The Greater Augusta Utility District (the District) hereby notifies its stormwater customers that it proposes a conversion in the basis of stormwater rate payment by the City of Augusta for city streets.

The District will hold a public hearing on Wednesday, October 27, 2021, at 4:30 PM at the Augusta Civic Center, to discuss and hear comments on the proposed conversion.

The District is proposing to bill the City of Augusta for stormwater fees encompassing city streets using equivalent residential units (ERU's) instead of catch basins. This modification is revenue neutral for the city and changes nothing for any other residential or commercial customers.

Material supporting the proposed rate increase is available at the District's website, www.greateraugustautilitydistrict.org or the office at 12 Williams Street for inspection. If you have any questions or desire additional information, you may call Brian Tarbuck, General Manager, at (207) 622-3701
