**AFTER MORE THAN FIVE
YEARS WITHOUT
RAISING RATES,
WE THOUGHT YOU
MIGHT NEED SOME
HELP FINDING OUR
NEXT INCREASE.**

In July, Greater Augusta Utility District is raising the "ERU" rate in Augusta by \$1.13 a month.

None of our rates—water, wastewater or stormwater—have changed since October, 2011. To meet our upcoming budget, however, we finally need to implement a small increase in what's called the "ERU" charge on your bill, in Augusta only.

ERU stands for "equivalent residential unit," and it covers the stormwater costs we allocate to a single family dwelling. This charge will rise 15% from \$7.55 to \$8.68 per month starting in July. Below is a typical residential bill noting where the ERU increase will be seen. Multiple dwelling units and commercial properties will see the same 15% increase in their ERU and catch basin rates. Visit our website for details.

Join us at a **Public Hearing at 6 pm on Monday, March 20** at Council Chambers, City Center, 16 Cony Street, Augusta, Maine. Or call us at (207) 622-3701 with any questions. We appreciate your support of this small rate rise.

In July, the monthly ERU for a single-family home will increase by \$1.13 to \$8.68.

The total bill will increase by the same \$1.13—to \$53.07 in this typical bill, an increase of 1%.
