

“We all know where
to put used rags, towels
and wipes...right?”

Always here.

Never here.

PLEASE: NEVER FLUSH ANYTHING BUT TOILET PAPER!

Flushing baby wipes or paper towels, make-up cloths or sanitary products, used rags or shop towels—anything that doesn't quickly dissolve—can clog sewer pipes and damage our pumps. And that can lead to expensive repairs that we all end up paying for. **So remember: when in doubt, throw it out!**
