Steps for connecting to the WiFi:

1. Turn on your computer or press power button if it is on standby. Make sure your WiFi is on.
2. Locate **Available Wireless Networks** then select the **Smugglers WiFi** and click Connect.
3. Open your browser (example: Chrome, Firefox, or Internet Explorer) Note: If the welcome page does not automatically appear, erase everything in the address bar and type: start.tengointernet.com
4. If you previously created an online account, enter your email address and password in the area on the right and select "Login". If you are a first-time user, select "Create Profile" and follow the prompts in the following menus.
5. Select a WiFi plan on the following screen:
 - If you select a **Trial** or **Complimentary** plan, enter the required information, click "Submit" to create an online profile, and then click "Get Online" and you will be taken to the internet.
 - If you select a **Premium/Paid** plan, you will be taken to a page to enter profile, billing, and credit card information. Click "Purchase", review your receipt, and then click "Get Online" to access the internet.

Note: If you have a device that does not take you to a web browser, such as an Amazon Firestick, please contact Tengo Guest Support for assistance at the number below.
