1. [Draft Remote Plan for Hybrid Model Students](#) - Grades K-5

Each grade level met in October to discuss the models. Principals met with their schools and formulated a rough plan. The Elementary Leadership team reviewed the plan as well as the Educational Advisory Committee.

Laura explained that this plan is for short term remote learning situations. If we are in a situation that requires schools to move to full remote for an extended period of time, she recommends a review of the plan at that time.

Our goal is to provide 1 hour of direct instruction, 3.5 hours of support and 1 hour of lunch/recess. Staff will teach the prioritized standards for each grade level. Students will participate in synchronous lessons with the teacher but if there are significant challenges for a particular family, they will have conversations about how to support the child in other ways. We are working with staff to make sure all students have access.

The committee recommends that the Remote Learning Plan move forward to the full board for approval.

Policy work on items 2 and 3 is postponed to the January 5, 2021 meeting.
