

PAYDAY SCHEDULES

Teachers' salaries shall be paid between the first of September and the last of August in twenty-six (26) equal installments. Friday is established as the payday unless unusual circumstances exist (holiday falling on Friday, etc.).

A teacher leaving during the year will be paid on the basis of the actual number of days taught.

Similarly, if a teacher is hired to start work during the school year, he/she will be paid on a basis of the actual days for which he/she has contracted. (See Contractual Agreement between MSAD No. 9 and the MSAD No. 9 Education Association.)
