

STUDENT ABSENCES AND EXCUSES

Pupil Attendance

Students enrolled in Mt. Blue Regional School District must exhibit regular school attendance patterns. Absence from school means absence from instruction and such absence is to be avoided whenever possible.

Each principal shall develop, maintain, and revise student attendance procedures for his/her building that encourage the above student goal.

Students who fail to maintain a satisfactory level of attendance shall be reported by the appropriate principal to the Assistant Superintendent of Schools.

The Assistant Superintendent shall fully review such reports and initiate appropriate corrective action.
