

Mt. Blue Regional School District Scholarship August 2021

We would like each MBRSD employee to consider participating in the continuation of the MBRSD scholarship fund to assist our graduating seniors. We are asking that you agree to a \$2.00 - \$4.00 per check payroll deduction from September 17, 2021 through June 10, 2022.

The Mt. Blue High School/Foster Career and Tech Center scholarship committee will be responsible for dispensing the funds to students who are worthy and in need of financial assistance with post-secondary education. Recipients will receive a card of congratulations at the Mt. Blue High School awards ceremony. This card will list the names of numerous contributors who made these scholarships possible.

We are sure that you will agree that seniors need all the financial support we can provide. With this generous donation, you will be making available more financial aid than we currently have available to offer. Just think of the impact you will have on a student’s future! If 200 MBRSD employees agreed to authorize a \$2.00 dedication for 20 paychecks, we could generate \$8,400 a year in scholarship funds. Isn’t that a wonderful gift to give our students?

Last year the number of staff making contributions increased by 20 and the amount contributed increased by \$1,700 compared to the previous year. We are grateful that 120 MBRSD employees contributed over \$6,400 through payroll deduction, but we would like to increase the participation. With the payroll deductions and some direct contributions, we were able to provide many graduates with financial assistance. This effort provided more individual student scholarships than any other scholarship program.

Any questions or additional comments are always welcomed. Call me at the Mt. Blue Campus.

Sean Minear
