Dear RSU 9 Community,

We wanted to make you aware that three people--one person associated with **G.D. Cushing School**, one person associated with **Mt. Blue Middle School**, and one person associated with **Mt. Blue High School**--have tested positive for COVID-19. No close contacts were identified.

We also wanted to remind you that a [table](#) has been created to illustrate the positive cases of COVID-19 in RSU 9. The table will include the weekly case counts, by school/location, as well as the cumulative total for the 20/21 school year. The [table](#) will be updated on Friday afternoons and does not differentiate between staff and students. We have also been considering changes to our protocol of sending out information with each positive case if it is determined that there are no close contacts. Please stay tuned for further information on any potential adjustments.

As a reminder...

- All students and staff must complete their health screener before coming to school.

- If your student is a close contact or tests positive for COVID-19, please contact your school immediately and keep your child home.

Please contact your principal or school secretary if you have any questions.
