**Health Notice #18**

January 28, 2021

Dear RSU 9 Community,

We wanted to make you aware that, as of today, one person associated with **Cape Cod Hill School** has tested positive for COVID-19. Sixteen close contacts were identified and all have been notified.

Due to the additional cases within the past 14 days that were communicated in prior notifications, **Mt. Blue Campus** has been designated in outbreak status by the Maine CDC. An outbreak is defined as three or more confirmed cases among different households over a 14-day period. After further consultation with the Maine CDC regarding this designation and today's positive case at Cape Cod Hill School, there will be **no changes to our instructional model**.

***Important Reminders***

As the positive case count continues to rise in Franklin County, we remind our staff, students, and families to remain diligent in their health and hygiene practices, both in our schools and while out in the community, to help mitigate the spread of COVID-19.

- All students and staff must complete their health screener before coming to school. If a student or staff member fails a screener, please stay home and contact your healthcare provider.  
--[Student Health Screener](#) --[Staff Health Screener](#)
- If your student is a close contact or tests positive for COVID-19, please notify your school immediately and keep your child home.
- A [table](#) with cumulative totals for the 20/21 school year will be updated Friday afternoons.

Thank you for your continued commitment to following our district protocols in the interest of staff, student, and community health and safety.

Sincerely,

RSU 9 Central Office Administration and RSU 9 Nursing Team
