Health Notice #35

April 12, 2021

Mt. Blue Regional School District was notified today that **one (1)** person associated with our district has tested positive for COVID-19. Contact tracing is complete and **NO** close contacts were identified. Our schools continue to be cleaned per CDC guidelines. The number of cases and the impacted schools/locations are included below.

Number of new positives	School / Location
1	Academy Hill School

Due to the additional cases within the past 14 days that were communicated in prior notifications, **Academy Hill School** has been designated in outbreak status by the Maine CDC. An outbreak in a school is defined as three or more confirmed cases among different households over a 14-day period. After further consultation with the Maine CDC regarding this designation and today's positive case, we have determined that there will be **no changes to our instructional model at Academy Hill School**. We continue to implement [Maine's 6 Requirements for Safely Opening Schools](#) as vital mitigating strategies across our district.

As a reminder...

- All students and staff must complete their health screener before coming to school. If a student or staff member fails a screener, please stay home and contact your healthcare provider.

- If your student is a close contact or tests positive for COVID-19, please notify your school immediately and keep your child home.
- The [table](#) with cumulative totals for the 20/21 school year will be updated Friday afternoons.

Please contact your principal or school secretary if you have any questions.
