

JJJ-R Overview

Extra-Curricular and Co-Curricular Activities Code of Conduct

Mt.Blue Regional School District's goal is for all of our students to be able to compete and participate in any group, club, or sport. We hold our students to both high academic and code of conduct standards as they are representing our school district wherever they may go. Sports and activities are a privilege for our students and the following summarizes our expectations.

1. Parental/guardian consent is required for participation. We believe that in order for our students to be successful, we want to have a strong partnership and support from our parents/guardians. 2.

Academically, we require our students to be passing their classes. There are

many supports built in that will help students who may need additional time and resources. 3. In order for our students to be successful, we require them to be present in all of

their classes. 4. Our students are also held to a high standard for drug, tobacco, and alcohol use.

Student will receive consequences for possession and/or use of drugs, tobacco, and/or alcohol. The school will also offer resources to help students make more positive decisions in the future. 5. Students are expected to travel with the team, attend practices, and treat

uniforms and equipment with respect. 6. As always, we have a high code of conduct for behavior and expect our students

to act with respect towards others, refraining from all forms of bullying and hazing while participating in any group, club, or sport.

Extra-Curricular and Co-Curricular Activities Code of Conduct for Middle and High School Students

Since participation in extra and co-curricular activities is a privilege, it is important that students, parents/guardians and other interested persons are aware of the following rules and regulations. As representatives of the schools, students are expected to exhibit appropriate behavior at all times. These rules are adopted by the School Board in order to support the social, emotional and physical well-being of students and promote healthy, enriching and safe extra and co-curricular opportunities for all students.

The following rules shall govern student participation in extra-curricular and co-curricular activities. The list of extra and co-curricular activities will be updated annually by the principals and made available on request. Participation is defined as beginning with the first day of participation in any meeting, practice, contest or performance and ending at the conclusion of the activity or school year (whichever comes later).

General Expectations:

1. Students in good standing may participate in the extra and co-curricular activities of their school. A student is considered in good standing if he/she is not the subject of any disciplinary action for violation of any policy or school rule and is currently academically eligible based on MPA guidelines and this policy.
2. All participants are expected to come to school ready to learn on all scheduled school days. Regular school attendance is required of all participants.
3. Students suspended from school (including in-school and out-of-school suspension) will not practice, participate, attend or compete in extra and co-curricular activities during the days of suspension.
4. Students are required to abide by all Board policies, school rules and any additional rules, and/or training guidelines imposed by coaches or advisors. Any additional rules and/or training guidelines must be consistent with Board policies and be approved by the Extra/Co-Curricular Administrator in advance of the season/activity.
5. Student use of tobacco, alcohol and drugs is illegal and negatively affects student health, safety and performance. Students participating in extra and co-curricular activities carry a responsibility to themselves, their fellow students, coaches/advisors, parents/guardian and school to set the highest possible example of conduct, sportsmanship and training, which includes avoiding any involvement with tobacco, alcohol and drugs. Therefore, students participating in extra and co-curricular activities may not engage in the prohibited behaviors and activities described in JICH-R at any time or place from the beginning of the student's first extra or co-curricular activity of the school year through the last extra or co-curricular activity of

JJJ-R

the school year. Any team, club, or group suspensions imposed that cannot be completed in the current year shall be carried forth to the next school year.

6. Students and their parents/guardians are required to sign the Extra/Co-Curricular Contract, as well as all other required paperwork, as a condition of participating in extra and co-curricular activities. Students participating in fall extra and co-curricular activities and their parents/guardians must sign the contract, as well as all other required paperwork, at the beginning of pre-season. All other students who plan to participate in extra and co-curricular activities at any time during the school year and their parents/guardians must sign the contract, as well as all other required paperwork, prior to beginning their first activity.

Rules and Regulations

A. Parental/Guardian Consent/ and Permission Forms

This form must indicate permission to participate, verification of adequate and appropriate health/accident insurance (where applicable), and agreement to abide by all Mt. Blue Regional School District's District Rules and Regulations.

B. Academic Eligibility Rules

The Principal or his/her designee is responsible for certifying the eligibility of all students participating in extra and co-curricular activities.

Students who are placed on academic probation will be allowed an opportunity to participate, depending on their eligibility status.

Academic Probation is defined as follows: The student will be able to practice, but unable to compete or lead such activities until each course score and Habits of Work score for the current reporting period reaches an eligible level on the bi-weekly progress report. The student will be responsible for taking the progress report sheet to his/her teachers every two weeks, to monitor his/her progress. This sheet is to be returned to the Main Office and a copy brought to the coach or advisor. If the student is eligible at the end of two weeks, he/she may return to full participation in the extra or co-curricular activity, with continuing review every two weeks. Otherwise he/she will remain eligible to practice only. This policy applies to all sports, sports managers, jazz band, drama, class officers, student council, clubs, etc. It does not include any curriculum offering where credit is granted such as performing arts classes (e.g. chorus, concert band, orchestra, library aides, etc.)

If a student receives a failing or incomplete grade, he/she shall become ineligible when official academic reports are issued. Students with incomplete scores will have two weeks to make up incompletes and will remain ineligible until work is made up and assessed.

Students may gain eligibility by attending an accredited extended year program. The student's grade shall be determined by the formula prescribed by the district's extended year regulations.

Students who lose course credit for failing to satisfy the provisions of the district's attendance policy will be considered ineligible immediately at which point they may petition to be put on probation. This probation will include the student maintaining passing scores in all courses that total six (6) or more credits, as well as have no further undocumented absences. The student will be monitored every two weeks (attendance and scores) in order to participate. Mt. Blue School District encourages their students to monitor their eligibility throughout the whole year.

Blue School District encourages their students to monitor their eligibility throughout the year.

Special Eligibility Conditions:

Students suspended for contract violations or ineligible students may NOT try out for teams with limited rosters. This policy applies to "cut sports" and activities with limited membership, and is intended to ensure that spots on team rosters are not being reserved for currently ineligible students. This does not apply if teams are unable to fill rosters with available students who initially try out. New students moving to Mt. Blue Regional School District who have maintained passing grades in all subjects taken at their previous school will be eligible for extra and co-curricular participation as soon as they are officially registered for classes in Mt. Blue Regional School District schools.

Students failing courses during the fourth quarter may be able to establish eligibility for the opening of the following school year with the approval of the Principal. This may be accomplished by earning passing scores in an approved extended year program or other options available through the Guidance Office. Ninth grade students entering Mt. Blue High School will automatically be eligible for fall extra and co-curricular activities. Students entering the District must meet the eligibility requirements of the Maine Principals' Association and MBRSD.

Students who become academically ineligible may practice and attend meetings but may not compete, perform, during an event or contest.

C. Attendance

All participants are expected to come to school ready to learn on all scheduled school days. Regular school attendance is required of all participants. In order to participate in a contest, event, or practice, students must be in attendance on the day of the activity (or the last school day preceding the activity if it is scheduled on a non-school day). Being in attendance is defined as being present and appropriately participating in all assigned classes and learning labs. For the purpose of this policy, any student who misses any portion of the school day with an

JJJ-R

unexcused absence may NOT participate in extra and co-curricular activities. Any exceptions to this requirement must be approved by a building administrator or designee. No exception will be made for illness.

D. Travel

Members of teams, groups, or clubs are expected to travel as a group to and from all away events using transportation provided by the school district. Exceptions may be made for students who submit a permission slip signed by their parent/guardian to the building principal/designee and approved prior to the school event. This exception will typically only be made to approve transportation from the away event in the private vehicle of the applicant's parent/guardian.

E. Violations of Student Conduct Code

Except for conduct distinguished in Sections F and G below, any student participating in an extra or co-curricular activity who violates the code of conduct established by any school or department of the Mt. Blue Regional School District will be subject to general school disciplinary measures which may include suspension from participation in the regularly scheduled events, activities, performances or contests at the discretion of the administration. Any student participating in an extra and co-curricular activity who receives disciplinary consequences for violations of school rules must complete the consequences before returning to the activity. Substantiated incidents of bullying or hazing may incur additional consequences related to extra and co-curricular activities. A student who is suspended from school is also suspended from extra and co-curricular activities during the period of the suspension. A student assigned in-school suspension is also suspended from extra and co-curricular activities during the day(s) of the suspension and until after returning to classes.

Students may not buy, possess, furnish to others, or use tobacco in any form.
